

# How to organize a FOOD DRIVE

## HOW TO GET STARTED

- Build your team, get creative (see below), and assign tasks.
- Set goals, locations, and dates.
- Gather the proper supplies - donation boxes, etc.

## GET CREATIVE

Think outside the box. You can focus on pantry needs or themed drives such as baby items, hygiene, etc.

- Create signs/flyers: include where to drop off, duration, and list most needed items.
- Offer incentives or create a friendly competition.
- Advertise: Use social media and email blasts to spread the word.
